Do you want to have the chance to work in the IBM Sofia Cisco TAC?

At the IBM Sofia Cisco TAC, our vision is to change the way people work, live, play and learn. If you want to work with leading technology, and have the desire to succeed in a collaborative, fast-paced global environment then the Cisco Incubator Program is a great way to begin your career.

ON THE PROGRAM YOU WILL GET:

- Rigorous courses & online content
- Ongoing assessment and personalized feedback
- Both individual instruction and independent study
- Experienced instructors delivering in-classroom content
- Hands-on experience with Cisco devices
- Preparation for industry-recognized certifications
- Pathways to higher education and career

CRITERIA FOR ASSESSMENT INVITATION:

- CCNA level knowledge
- Graduating in the academic year 2017/18 (or earlier) with either Bachelor's or Master's degree or "fresh" graduates (up to 2016 graduation date)
- An active Cisco NET Academy account
- English language is a must, other languages are an advantage (German, Russian, French, Spanish, Italian)
- Motivation to learn and develop

We have designed our Incubator Program to raise your employability and prepare you better to enter the job market in IT industry. As a member of the Incubator program you will be entitled to Advanced Technology in-person workshops, delivered by our top engineers and complementary online training materials. It is a great opportunity for you to evaluate and qualify your skills and job readiness in a professional assessment process, which would be followed up with the personalized feedback.
