

WEEK OF MATHEMATICS AND INFORMATICS *FMI & Friends*

International conference
Burgas, Bulgaria, September 23-27, 2024

The international conference is dedicated to the 135th foundation anniversary of the Faculty of Mathematics and Informatics – Sofia University “St. Kliment Ohridski”. The event will feature plenary and contributed talks in different areas of Mathematics, Computer Science and Methods in Education.

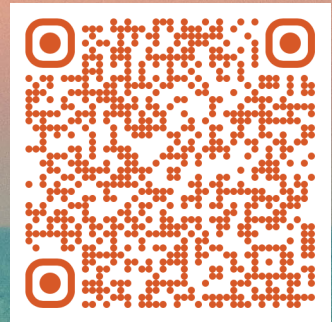

Organized by: Faculty of Mathematics and Informatics – Sofia University “St. Kliment Ohridski”

Institute of Mathematics and Informatics of the Bulgarian Academy of Sciences and the scientific program “Enhancing the Research Capacity in Mathematical Sciences” (PIKOM).

Abstract submission deadline: July 2nd, 2024

All accepted and registered abstracts will be published in an abstract book. Full papers of selected abstracts will be published in a special issue of the Annual of Sofia University “St. Kliment Ohridski”.

Official language: English

Parallel sessions in the following areas:

- Algebra and coding theory
- Challenges of the digital world – traditions and innovative solutions in research and education
- Differential equations and applications
- Information Science and e-Society
- Intelligent models and applications
- Geometry and topology
- Mathematical logic and its applications
- Mechatronics and robotics
- Numerical methods and theory of approximations
- Probabilities and statistics
- Variational analysis and applications
